

The Service Offering

"The team at Cricketts looks to offer an unparalleled service on all levels, we look to challenge stereotypes and set a new standard within our industry. First and foremost we strive to champion the customer and their needs, always ensuring that we offer the best professional advice and that communication between all parties is first class. We are an independent business and therefore are able to offer a bespoke service to suit individual needs and get results!

As a family run business we understand that buying or selling a home is incredibly important to you and that it can also be a stressful time, we aim to make it as simple and straight forward as possible.

We have built a highly energetic team with great experience, in addition to this as individuals we care and have empathy for those that we serve."

Kathleen Crickett
Managing Director
